2016-2018 STRATEGIC PLAN

SITC Mission

It is the mission of the Society for Immunotherapy of Cancer (SITC) to improve cancer patient outcomes by advancing the science, development and application of immunotherapy through our core values of interaction/integration, innovation, translation and leadership in the field.

Collaboration: Cultivate meaningful relationships with key strategic partners

Education & Scientific Exchange:

Serve as the leading resource for information and education on cancer immunotherapy

Engagement: Create a network of cancer immunotherapy stakeholders, providing greater opportunities for engagement and interaction

Global Impact: Advance the science and application of cancer immunotherapy world-wide

Scientific Research: Challenge the thinking and seek the best research in the exploration and development of tumor immunology and cancer immunotherapy

**Holbrook Edwin Kidd Kohrt, MD, PhD (1977-2016)*

Dr. Kohrt had a significant impact on the field of tumor immunology and cancer immunotherapy. He was committed to the mission of SITC and brought considerable scientific insights and incredible energy to every project in which he was involved.

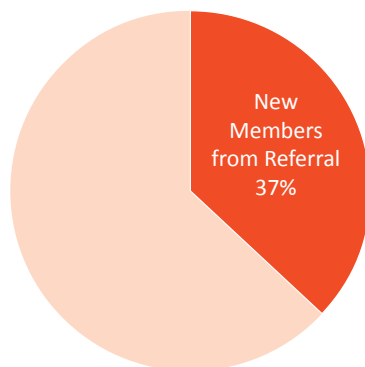

CONNECT A COLLEAGUE

Recognizing that personal referrals are one of the most effective ways to recruit new members, in 2015 SITC launched the Connect-A-Colleague Campaign. Since then, over 250 individuals have been referred by SITC members, 83% of those referred have joined.

Thank you to the 2016 Top Referrers!

2 Ways to Connect-a-Colleague

1. Log in to your member profile and use the Connect-a-Colleague Tool to send email invitations to your friends and colleagues. Individuals will automatically receive follow-up from SITC staff and begin to receive SITC communications.
2. Ask your colleagues to join online and list your name when prompted on the membership applications.
