# 2016-2018 STRATEGIC PLAN

## SITC Mission

It is the mission of the Society for Immunotherapy of Cancer (SITC) to improve cancer patient outcomes by advancing the science, development and application of immunotherapy through our core values of interaction/integration, innovation, translation and leadership in the field.

**Collaboration:** Cultivate meaningful relationships with key strategic partners

**Education & Scientific Exchange:** Serve as the leading resource for information and education on cancer immunotherapy

**Engagement:** Create a network of cancer immunotherapy stakeholders, providing greater opportunities for engagement and interaction

**Global Impact:** Advance the science and application of cancer immunotherapy world-wide

**Scientific Research:** Challenge the thinking and seek the best research in the exploration and development of tumor immunology and cancer immunotherapy
